Dear Mr. Gallot,

Thank you for inviting me to the public hearing on the redrawing of the election districts for the Orleans region. Unfortunately on Thursday, February 17, I will be attending the City of Kenner Council meeting, which is held every 1<sup>st</sup> and 3<sup>rd</sup> Thursday of the month.

The re-drawing of these districts are very important to me and to the people that I represent. As you are aware the Kenner Council has submitted legislation to the Louisiana House of Representatives, requesting the district be redrawn (in accordance to the law) with consideration of the landscape (e.g. Airport, South Kenner) and to ensure that the residents of Kenner interests and concerns are represented at the State level.

Although I will not be able to attend the meeting on 2/17/11, please keep me apprised of future meeting or discussions. I look forward to meeting you during the special legislative session that will be held March 20-April 13, 2011.

Again thank you for this participation in this redrawing of the districts that are vital to the residents of Kenner.

Sincerely,  
CITY OF KENNER

Gregory W. Carroll  
Councilman, District 1
