Subject: Redistricting

Mr. Speaker,

As a resident of the French Quarter, I urge you to protect the state's economic and cultural jewel, the French Quarter, in the political redistricting currently taking place in the House.

Please ensure that we are included with similar historic neighborhoods, such as New Orleans' Garden District, as opposed to the more traditionally suburban areas such as New Orleans East.

As someone who is involved in French Quarter activities, I can tell you that what district we are in matters a great deal.

It is extremely important that the French Quarter, as the state's crown jewel be protected.

Thank you very much for your leadership.

Sincerely,
Peggy Armstrong
