Dear Chairman Gallot:

I strongly urge you to consider keeping Natchitoches in a single legislative district. The uniqueness of this historic area is linked to our working diligently with diverse groups in our community over the years. By splitting our historical city down the middle of town you will be destroying the unity we have built over the last decades on both sides of Cane River.

Thank you for your consideration.

Sincerely,

Margaret Wheat Carter, MD
President, Rotary Club of Natchitoches
