Subject: Redistricting New Orleans

While I understand the New Orleans area is scheduled to lose 3 representatives per the census, this latest attempt to redistrict New Orleans and pull out a fourth representative that breaks apart areas that share common needs is appalling. It is inexcusable to pull part of Uptown out of New Orleans and lump in it with a Metairie district. Would Shreveport like a portion of their area carved up and handed over to Bossier City? I think not. Please treat the New Orleans area with the same respect as your districts.
