Subject:

Mr. Speaker,

As a resident of the french quarter, I urge you to PLEASE protect the voice of state's economic and cultural jewel, the French Quarter, in the political redistricting.

Please ensure that we are included with similar historic neighborhoods, such as New Orleans' Garden District, as opposed to the more traditionally suburban areas like New Orleans East.

As someone who is very involved in our community, I can tell you first hand that what district we are in matters a great deal.

Kindly,

Ann Irwin
