**Subject:** Orleans Parish - House Redistricting

Dear Speaker Tucker:

The City of New Orleans has lost a tremendous amount of population since hurricane Katrina. I understand that because of this population loss, the City must lose seats in the House of Representatives. I have seen your plan, and believe that it does a good job of insuring a voice for the minority population of New Orleans. Please continue to do all that you can to protect the City of New Orleans from losing any additional seats in the legislature. Our population continues to increase, and it is highly likely that the City of New Orleans will be one of the fastest growing communities in the State over the next 10 years.
