Subject: Object to merging Metairie with NO redistricting

To Our State Government... This email is written in protest and concern that I have heard of the intent of the redistricting of District 81 (Metairie). New Orleans wants to eliminate District 81 altogether and combine it with a diminished New Orleans district!! I find it amazing that the public forum held on Feb 17 at Dillard University was not announced to Jefferson Parish residents as well as only being announced in Orleans Parish. What is wrong with this picture???

We object merging Metairie (District 81) with N.O. district.

Thank you.
