To Whom It May Concern:

I am writing to express my concern with the proposed Redistricting Plan for Vernon Parish, especially District 25. This plan would place Fort Polk, our largest employer by far, in a District that has a majority of the voters residing in another parish.

Our current representative, Mr. James Arnes, has been a vocal and effective leader in making positive changes to this community and surrounding areas. Losing this representation could have a negative impact on Vernon Parish.

Please reconsider Working Draft 1B.

Sincerely,

Jackie D. Self
