The People's Promise

Re: HB-14 Schexnayder

My name is Breka Peoples, the founder of The Peoples Promise. As a State Activist that travels throughout the rural area in Louisiana, I see firsthand how this map has been chopped and screwed. My organization is in opposition to this map because it does not identify with the rural areas in Louisiana. Especially District 23 State Rep Kenny Coxs district who is visible not only in our community but in this State.

Highest Regards

Breka Peoples Founder of The Peoples Promise
