My name is Ryan Wilkinson and I am a student at Caddo Magnet High School. When I heard Speaker Schexnayder speak to the Louisiana Legislative Youth Advisory Council during the summer I was awed by his beginnings in small town Louisiana and going squirrel hunting afterschool. That is exactly why I oppose HB 14, because it destroys the representation of those same small towns. Specifically looking at District 23 State Rep Kenny Cox that is chopped up from a geographically large district to a tiny one.
