Good afternoon,

I'm writing to express my wishes as a Louisiana resident that the districts in our state be redrawn to be equitable. The voices of our minority residents should not be diluted. This is an incredibly important time for our state to show that it cares about all its citizens equally. Your constituents, myself included, will be watching the process and will see who is on the right side of history. In the past, gerrymandering has led to disenfranchisement and this is simply not acceptable.

Please move away from the partisan politics that have marred the integrity of our government bodies in recent years and ensure that the districts are divided in a way that makes sense--and do not look like a drawing of an alligator's head by my four year old (see District 6). Our state's citizens deserve fair representation.

Thank you for listening.

Best,
Julie Becnel
