Dear Members of the House and Governmental Affairs Committee:

I may not be able to attend the January 5 hearing in New Orleans, but I add my voice in support of fair districts that accurately represent their populations. It is clear from numerous sources, that the Louisiana population has had a major shift to New Orleans. This growth means that New Orleans representation, obviously, should grow as well. Please make the maps right.

Sincerely,

Denise L Paddock

Please carry out your obligations to ensure that the new maps fairly represent your fellow Louisianans.
