Subject: Redistricting In New Orleans East

EXTERNAL EMAIL: Please do not click on links or attachments unless you know the content is safe.

Good evening,

Regarding redistricting in my area: It is apparent that two legislative representatives are outside of the New Orleans East community.

Legislative Representative Raymond Garofalo, Jr. District 103 territory encompasses the New Orleans East area. This territory should be removed from District 103 jurisdiction and moved to District 100, presently represented by Legislative Representative Jason Hughes.

State Senator Sharon Hewitt, District 1, territory encompasses the New Orleans East area. This territory should be removed from District 1 jurisdiction and moved to District 4, presently represented by State Senator Jimmy Harris.

I believe having representatives live in the community they represent, afford the community better representation. So I am asking you to please make these beneficial changes. Thank you.

Frain Bayas
