Chairman Stefanski, Chairwoman Hewitt, and members of the committee:

I am writing this email to express my concern about the redistricting of our state. I believe that since the state's population has only grown 2.7% in the last 10 years, changes to our current setup should be minimal. All districts are either in line or very close to being so and meet the legal criteria established by the Obama administration. A complete overhaul of our districts are not needed nor is it legal.

Thank you,
