As a concerned resident of Metairie, I am writing in support of Fair Maps that reflect the changing population and needs of the people of our state. The new census information indicates that 2 of the congressional districts should be redrawn to make it possible for a minority person to be elected since 1/3 of the population of Louisiana is a minority.

I urge you to do the right thing for the people of Louisiana.

Thank you for your work on behalf of all of us.

Sylvia Finger
