My name is Catherine Gray and I am a retired senior from ExxonMobil. I am also a member of the NAACP and Delta Sigma Theta Sorority and I reside in the 6th Congressional district. Because of how my district is presently drawn I have never been able to elect a representative of my choice or who represents my interest. Although my representative has been open to hearing my views on certain issues, I rarely receive responds that cater to my views because I am in the minority with regards to those he represents. That is why I support creating a minority-majority district fir US Congressional District 5. With hopes that my voice can be heard through the efforts of representation for people who look like me and have the same concerns for issues of gun control, healthcare, policing, homelessness, etc.

Thank you for your attention.
