Dear House Redistricting Committee,

Unfortunately, I am out of town for business and will not be able to attend the Special Redistricting Meeting in Covington this evening. But I would like to take a moment to express my feelings with this process - which I realize is an incredibly complicated task.

As a long time resident of St.. Tammany Parish and a member of the Mandeville City Council, I would like to encourage all those that are working hard on this process to start with the existing map. I want the committee and our legislators to know that we are happy with the current districting. I hope and want St. Tammany to stay with Congressional District #1. I have been happy with our representation - both at the state and federal level. I want to see as few changes as possible and I do not want to change or split St. Tammany into separate districts.

Thank you for including my comments. And thank you for everything that y'all are doing.

Sincerely,

Rick S. Danielson
Councilman-at-Large
City of Mandeville
