**Subject:** RE: Redistricting

Good afternoon,

The U.S. Census Bureau counts incarcerated persons as well as other institutionalized persons and other persons in group quarter situations at the location those persons reside on Census Day. In redistricting, the legislature uses the population as it is reported by the U.S. Census Bureau in the P.L. 94-171 redistricting data in precincts validated through the data verification program of the House and Senate.

Kind regards,

Committee Staff

House and Governmental Affairs Committee

How are we going to address inmates being counted in the local precincts?
