Hello Chairman Stefanski, Chairwoman Hewitt, and representatives. Thank you for your work on redistricting so far. My name is James Chris Henry. I wanted to submit a few more maps as my interpretation of fair. I appreciate the feedback received at the public hearing in Baton Rouge. My maps have been modified to address the concerns asked of me. I hope you find these maps helpful in working toward a compromise solution that every representative votes for. I am optimistic for maps that pass with a yes vote from every representative. I am fearful of a partisan map, veto, failed super majority override, new map, lawsuit, new map.

Block files are also submitted.

The communities of interest.

District 1: North Shore District - is made up of the suburbs of Baton Rouge and New Orleans. Denham Springs to Slidell and across the Causeway to include Kenner and Metairie and Lakeview.

District 2: New Orleans, River District – starts in New Orleans to include the port and follows the river up to Plaquemine in Iberville parish.

District 3: The Gulf Coast – follows the gulf coast from Cameron Parish to Jefferson Parish.

District 4: The Northeast – maintains the current district interest of farmland and universities.

District 5: The Northwest – the district interest includes military and forestry.

District 6: Baton Rouge and the Florida parishes – Baton Rouge anchors the district of the Florida parishes

Maps 4 and 5 include 1 minority-majority district as defined by Black VAP%, and 1 competitive, minority influence district.

Map 6 contains 2 minority-Majority districts as defined by Black VAP%.

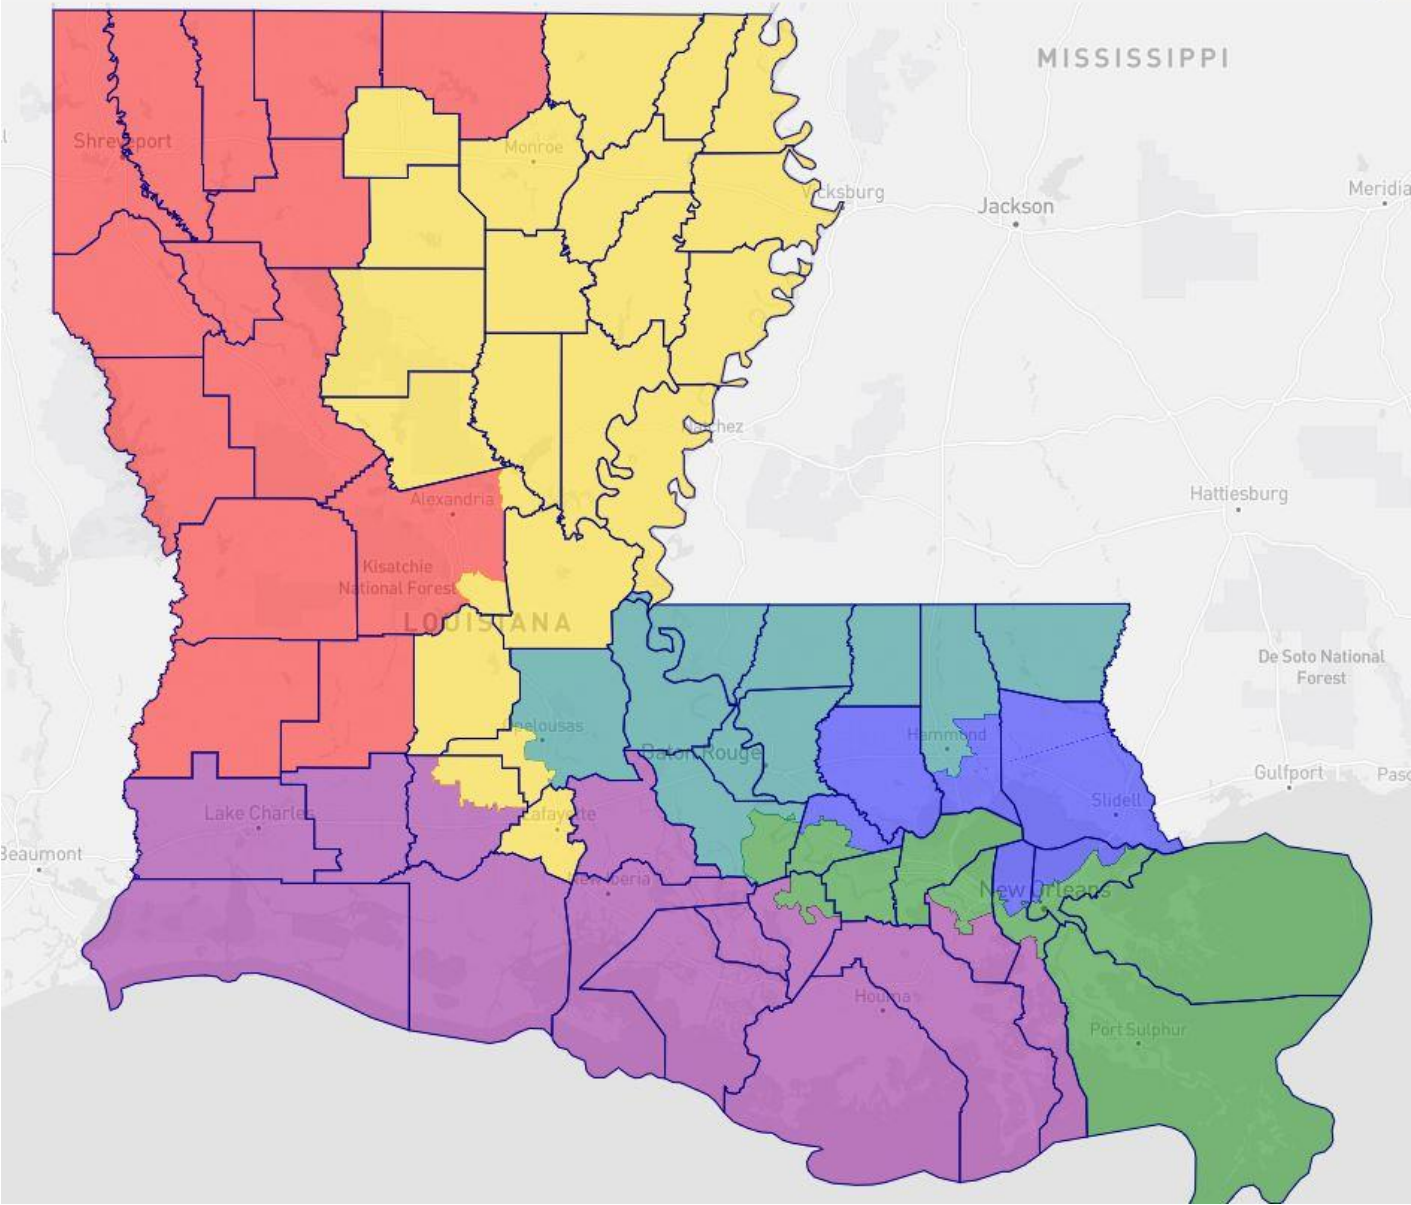

Map 5 achieves a maximum deviation of only 15 people without splitting any precincts.

In previous submissions, I have highlighted the benefits of a competitive district. The value and opportunity for Louisiana increases as other states across the country eliminate their competitive districts.¹
