Representatives Beaulieu, Lyons, Billings, Boyd, Carlson, Carter, Carver, Farnum, Gadberry, Johnson, Larvadain, Marcelle, Newell, Schamerhorn, Thomas, Wright, Wyble

Redistricting and congressional representation directly affect the resources communities receive to support everything. Fair representation can lead to real change for Black Louisianans and help improve disparities in education, healthcare access, environmental safety, infrastructure, and more.

State lawmakers' responsibility when redrawing districts should be ensuring every community is accurately and fairly represented.

Please create a second district and map that will allow Black voters an opportunity to elect their candidate of choice.

Thank you,

Betty [REDACTED]
