Committee members,

Please vote no on the maps reflected in SB 8. I agree with US Speaker Mike Johnson that "the existing map is constitutional and that the legal challenge to it should be tried on merits so the State has adequate opportunity to defend its merits."

Future control of the U.S. House could potentially result from the choices that you make on this bill, and needlessly ceding a seat in Louisiana could have profound consequences for the future of our Republic.

Womack's map is what would result from the pen of Judge Dick, so why not go to court and fight to uphold our existing constitutional districts? Please return the trust voters imparted to you with our votes this past Fall by fighting to keep our existing map.

Either the existing map and a fight in the courts, or the fair map making the rounds from J.C. Harmon, is preferable to Womack's surrender of something which is legal, just, and moral.

Sincerely,
Doss [REDACTED]
