Dear Committee:

Please vote NO on the Redistricting Map by Senator Womack:

- Will change the razor thin balance of power in the Congress
- Will give the Left exactly what they want without a fight
- U.S. Speaker Mike Johnson opposes, says support existing map in court
- I am concerned of losing Congressman Garrett Graves as my Congressman. He has done a great job and service to the Louisiana Citizens of District 6. And to chop up his district to create a second black district is WRONG.

Sincerely
