Team, update on today's Louisiana Senate Floor Vote on
Senator Womack's SB8 on Redistricting. for the six US House Districts.

I know we were excited with the result of Louisiana's 2020
Election results and specially makeup of the new La. Senate.

Based on grades derived from the last two years, the thought was a solid group
of Senators were now in place to stand against the Federal Government and
court rulings handed down from on HIGH.

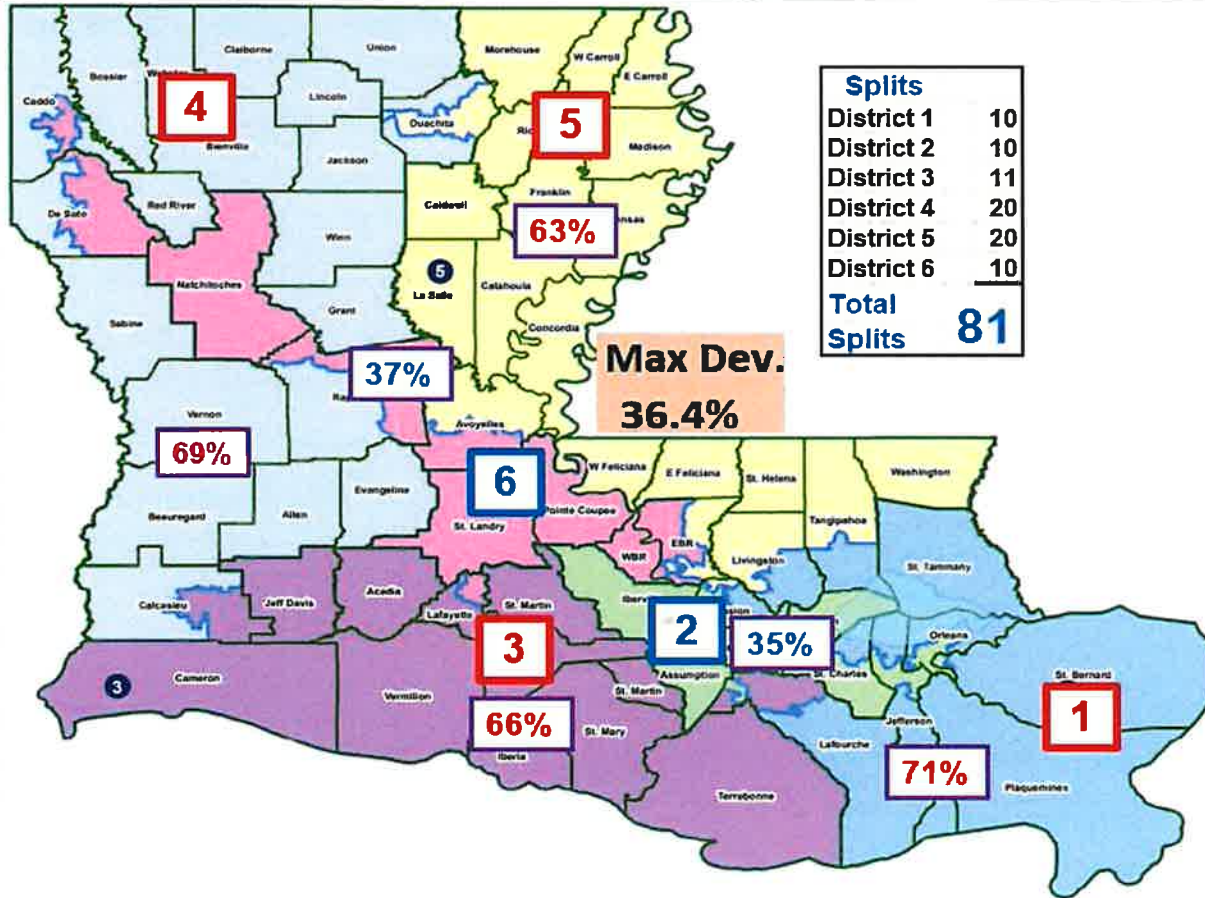

As one of the first Floor Votes of the NEW La. Senate and
the attached PDF shows – WE the People have a LA. Senate which will NOT
defend our STATE Sovereignty and Will continue to bend a knee to the
Federal Government and absurd court Mandates.

P.S. Congrats are in order for 11 Senators (as highlighted on the attached PDF).

And hopefully as SB8 moves to the Louisiana House those members believe
In our State Sovereignty and just as critical a concise new redistricting map
that will ensure secure elections for our six US House Representatives.

For Liberty
JC Harmon
